

algoreg

compliance on board!

automated video onboarding

Provide your customers with a fully digital customer verification using our video chat-bot.

Online customer verification is usually frustrating as it requires the customer to register during opening hours and as it is limited to a few languages.

how it works

Our automated video on-boarding solution offers a 24/7 verification process in any languages.

- **One-of-a-kind user experience**
Your customer simply answers question asked by our robot
- **Multi-platform**
Available on desktop, Android and iOS
- **Reduce churn**
Unlock conversion rates by eliminating lengthy customer verification
- **Worldwide coverage**
Our technology verifies ID documents such as Passport, National ID, Driving Licence in 170+ countries
- **Easy to implement**
Our solution integrates seamlessly into your mobile and desktop flows
- **Reduce fraud risk**
Customer video is recorded allowing a full compliance review of entire session. Our tool applies fraud checks to detect forged document and matches customer selfie with ID document photo
- **Safe and secure**
We use state of the art technology that allows us to secure our environment and provide a reliable, safe and secure experience

- 1. Questionnaire**
Our chat bot request relevant customer information.
- 2. ID verification**
Customer is requested to show ID document to extract relevant information and detect forged documents.
- 3. Residence verification**
Customer is requested to show location

- 4. Profile verification**
Our chat bot snaps customer face and matches it with the picture on the ID document.
- 5. Welcome on board!**
Your customer spent a few minutes to chat with our bot and you have on-boarded your customer.
